### BASICS . . . . . 16

What's basic to college life at CCNZ; our purpose, our place among the church schools, the staff, dorm parents, the dorm, family life, dating, food, clothes and the campus.

### ACADEMICS . . . . . 70

The ingredients of the academic life: administrators, faculty, subjects taught, exams, special programs, awards, and graduates, plus a personality survey of the faculty and graduates.

### STUDENT BODY . . . . . 102

The most important part of CCNZ; the students (by form), their leaders and activities, plus a special message from the president, Marsden Hulme.

### SPORTS . . . . . 144

This year's good times and bad times in sports.

### HIGHLIGHTS . . . . . 162

All sorts of activities: songfest, roadshows, march-on, visits of distinguished persons, dances, and big games. (chronological)

Come.....let us go up —  
To the mountain of the LORD,  
To the house of the God of Jacob;  
And he will teach us of his ways,  
And we will walk in his paths.....

O house of Jacob, come.....  
Let us walk in the light of the LORD.

Taken from Isaiah, Chapter Two.

# *our purpose*

Our main purpose as a yearbook staff was to capture the essence of Church College for the year 1972. We found this to be impossible but we tried. It was in trying this that we discovered another purpose for our yearbook. We discovered that Church College gives us a pattern for successful living — a pattern from which, we believe every person in New Zealand could benefit. Our purpose, was to have the yearbook reflect that pattern.

We started with the theme: 'Come, let us go up to the mountain of the Lord.....'. It is an open invitation to the youth of New Zealand to come and walk with us in the light of the Lord. God is not dead or blue. God is not incomprehensible or just a spirit. God is our Father. He has a body of flesh and bones as tangible as man's. We are His children — we are made in His image. He lives on a planet much like our own. He can visit us — He has and will.

Life has a purpose. We believe the world is a school — a testing place. We have been commanded to be in the world but not of it. How well we lived that commandment at Church College, is particularly portrayed in the first section of the yearbook. We've entitled it, Basics. Some of us willingly and joyfully accepted the challenge of short hair and long dresses. Some thought the world more glamorous and rejected the challenge; but by the time November came we had all been taught correct principles and were free to govern ourselves.

In the second section, Academics, we included the various ingredients of the academic life: administrators, teachers, subjects taught, special programmes, awards and graduates. A better name for this section might have been: "Things both in heaven and in earth". If the scriptures speak truly when they admonish the saints to set up a standard and an ensign to all the world, then, as Elder Boyd K. Packer of the Council of the Twelve has said, "We must be prepared to lead the world in secular, as well as spiritual achievements". To that admonition we dedicate this section.

The student body — whatever that is — is next. A sense of humour is required to fully appreciate this section. Our leaders really stand out in this part of the book and they should, but all six hundred and twenty-one of us were important.

When we left the presence of our Father and came to this earth our spirits were clothed with flesh and blood. We were commanded to keep our bodies clean and healthy and were taught that without a body we could not obtain a fullness of joy. The last two sections — sports and activities — portray some of that joy.

More than 225,000 students benefit from the educational program of the church in nations throughout the world as shown on the map.

# Our Place

For 621 of us, Church College was “our place” in 1972. From many places and peoples we students gathered to the hills and vales of Hamilton – to Temple View – home of Church College. By the end of Registration in early February each of us clutched a class schedule, a school uniform, and the privilege of a college education.

North Islanders found themselves right at home. 526 students came from the Whangarei, Auckland, Hamilton, Hawkes Bay, and Wellington areas. South Islanders were lonely with 30 coming from Nelson, Dunedin, and the Plains of Canterbury. Sixty-five of us didn’t call New Zealand home at all. 21 students came from the United States. Neighbouring Australia was home for 18. 14 came from Tahiti, 11 from the Cook Islands, and 1 from Fiji.

Church College is a melting pot. In spite of narrow-minded criticism, The Church of Jesus Christ of Latter-day Saints know no boundaries. In 1972 we students saw the brotherhood of Christ in action. 21 of our teachers were Kiwis, 21 were Americans, and 4 were Australians. 356 students were New Zealand Maoris, 239 were Europeans, Australians or Americans, and 26 were Pacific Islanders. Church wise 599 students were members of the Church, 22 were not. Did we get on? Yes we did! And in the process we became a little more aware of the struggle and sacrifice required to bring all nations to a knowledge of the “perfect law of liberty”, the gospel of Jesus Christ.

Looking at “our place” from a worldwide point of view, Church College claims only 600 students out of a total of 225,000 throughout the world who benefit from the educational programs of the Church.

## THE CHURCH IN OUR LIVES

We were members of the Hamilton South Stake of Zion during the school year 1972. Since the college was our parents we were forced to go to Church, (what else can a parent do with 620 children)? For some of us the Spirit fled and so did Zion – we didn't like being forced, (most children don't). But for most of us, Sunday was heaven – we loved going to Church. We appreciated the physics teacher who was our Bishop seven days a week, the English teacher who was our scout leader or Sunday School advisor, or the dorm parent who gave everything and received so little in return.

Some of us were amazed at those of our own peer group who taught and led us in Priesthood or Sunday School and did so well. We weren't used to seeing someone (especially someone of our own age) do something good of their own free-will. Some of us did not learn until too late that our Bishop was our best friend and that the men and women of Temple View gave their all for our benefit. Some of us took everything and gave nothing.

There wasn't much opportunity to do evil at Church College during 1972, but there was unlimited opportunity to do good. Some of us let the opportunity slip by, but for all of us at CCNZ in 1972, the Church was the most significant force in our lives whether we appreciated it or not.

We were members of the following campus wards:

### TEMPLE VIEW 2nd WARD:

Bishop: George Chase  
Warren Dansie  
Ron Davison

Membership: 172

### TEMPLE VIEW 3rd WARD:

Bishop: Roger Cook  
Lee Snell  
John Ramsden

Membership: 178

### TEMPLE VIEW 4th WARD:

Bishop: Graeme Ormsby  
Taylor Tarawhiti  
Tom Wilson

Membership: 155

### TEMPLE VIEW 5th WARD:

Bishop: Thomas Means  
Dennis Hadley  
Ned Dunford

Membership: 130

## THE CLOTHES

They washed and pressed them ('They', Brother Leonard Green and his hard-working laundry crew: Clare Dinse, Emma Iti, Olive McKay, Martha Rameka, and Maxine Weeks) and we wore them. ('We', the students of CCNZ) and we would, on behalf of our mums, like to thank them ('Them', the laundry crew) for helping to make us look so clean and pressed. (See P.60)

But what did we wear in 1972? The 'uniform' of course! But what else? Well, here is a list of what was allowed and why:

## CHURCH SCHOOL DRESS AND GROOMING STANDARDS FOR 1972

Within Church Colleges and schools, honour has traditionally been understood as voluntarily living in accordance with the Principles and standards of the Church of Jesus Christ of Latter-Day Saints. This is the code and rule of expectation for all students in the Church Educational System.

Acceptance of admission at any Church college or school, therefore, is a voluntary commitment to uphold Church principles and standards, whether on or off campus, during all periods of enrollment.

Evolving directly and immediately from this commitment is the responsibility for each student to familiarize himself beforehand concerning the principles and standards to which he will be committing himself.

Grooming should be in keeping with these guidelines, emphasizing cleanliness and avoidance of dress or manner which calls attention to itself and symbolizes either rebellion or non-conformity to the values of modesty, humility, decency and propriety.

Students at Church College are expected to support and abide by the following standards of dress and appearance. Continuing registration constitutes and affirmative consent to abide thereby.

### GENERAL:

The attire and grooming of both men and women should always be neat and clean.

Shoes are to be worn in public campus areas. Sandals are generally acceptable.

Shorts are acceptable wear only in the living and athletic areas.

So called 'grubby attire' may be worn only in the immediate living areas of residence halls and at informal outdoor activities, but not in dining areas.

Acceptable attire will be designated for each studentbody dance.

### MEN:

Slacks, walk shorts, with jerseys, sport shirts, ties, coats, and blazers all are acceptable men's wear for attendance at classes. At the Church College of New Zealand an official school uniform is required for all 3rd, 4th and 5th formers.

### WOMEN:

Dresses, sweaters, blouses with skirts, culottes, slacks or modest pant suits, not to include levis are acceptable women's wear for attendance at classes.

Women's hemlines (dresses, skirts, culottes) are to be of modest length.

Formal wear may be either a long or short formal. It does not include low-cut necklines or strapless gowns.

## THE CUSTODIANS

Did you know that approximately 350 gallons of detergent and 150 gallons of floor polish were required to keep the David O. McKay Building shining this past year? Actually it took a lot more than that. It took two custodians (Doug Williams and Alfred Mann) and plenty of hard work to maintain this vital centre of our campus. The rest of the buildings were cleaned and cared for by: Joseph Warren, Colin Bradley, Norman Collins.

We surveyed two of the most popular custodians and found out the following:

### DOUG WILLIAMS:

What buildings do you clean?

David O. McKay and all dorms during Christmas vacation.

What does your work entail?

Too much detail here, but generally cleaning floors, showers, toilets, windows, brass chrome, and refinishing or waxing.

What hours do you work?

10½ hours each day.

What's your favourite task?

Buffing.

What's your pet peeve?

Students skating or running on polished floors.

How many years have you been here?

In Temple View, 16 years, working permanently for the school, 3 years.

What your joys in life?

My family and scouting.

Do you like detention crews?

With some reservations.

Most interesting experience on the job?

Helping N.Z.'s gold medal swimmer in paraplegic games, during her training.

### JOSEPH WARREN:

Age: 51

Birthplace: Petone, Wellington.

## THE FAMILY

(See pages 30)

## THE FOOD

During the past school year the average student at Church College consumed:

40 lbs	cheese
60 lbs	butter
300 gals.	milk
300	loaves of bread
8 lbs	custard (dry)
120 lbs	carrots
48	large cabbages
250 lbs	Potatoes
250 lbs	meat
500 lbs	fruit

This might help to explain why the average student at Church College weighs 210 oz. (ounces). It also might explain why Brother Ray Ritchie and the Cafeteria staff are among the hardest working people on campus. It is to them that we dedicate this section of the yearbook. The cafeteria staff include:

Ritchie, Raymond	–	Supervisor
Smith, Alice	–	Cook
Hogg, Richard	–	Cook
Bell, Claire	–	Worker
Bruce, Vera	–	Worker
Johnson, Maxine	–	Worker
May, Roseanna	–	Worker

(See pages 62 – 63)

## THE HAIR

Beards are not acceptable, mustaches are not encouraged, but if worn should be trimmed above the corners of the mouth.

Long or bushy sideburns are not acceptable. Hair must be styled so as not to cover the ears and must be above the collar at the back.

## THE HEALTH CENTRE

Three thousand bandages, tons of penicillin, and barrelfuls of "know-how" wouldn't begin to describe the healing powers of Brother George Dutton — Head Nurse and Margaret Doyle — Nurse, of our own College health centre. Brother Dutton's enthusiasm, his hate for hypocrisy, and his love for the students win for him the title of "Healer in Residence" and the best friend most of us had in 1972. Thank you, Brother Dutton and Sister Doyle for your unselfish service.

(See Page 68)

## THE LIBRARY

The most popular place on campus. Open from early until late, the library of Church College offers greater access to its shelves than any other library in New Zealand. It boasts well over 18,000 volumes — three times as many as required for a secondary school; the finest xeroxing service, and an audio visual centre which includes:

- 6 movie projectors
- 10 tape recorders
- 8 overhead projectors
- 6 35 mm projectors
- 8 stereo record players

Its finest contribution to the students of CCNZ is three qualified, efficient, self-sacrificing, fun-loving, milo and soup drinking librarians:

- Limia Hooper — Head Librarian
- Valerie Jones — Assistant
- Noeline Thompson Assistant

To them we say, 'Thank you!' for all the help and the 'gentle' little reminders to keep our mouths shut and our eyes open.

(See Page 66)

## THE MAINTENANCE

Includes truckloads of material, hours of work, and a maintenance crew of twenty-four men:

- Park, Raymond — Supervisor

### BOILER ATTENDANT:

- Herival, Robert

### ELECTRICIANS:

- Johnson, Robert — Supervisor
- Evans, William
- Tovey, Roy

### GENERAL ENGINEER:

- Muir, Neil

### GROUNDS:

- Kendall, Errol — Carpenter
- Pearse, Peter — Carpenter

### LOCKSMITH:

- Josephs, John

### PAINTERS:

- Jessup, Colin
- Ngatikaura, Phil
- Aston, Warren

### PLUMBERS:

- Wilson, Tom

## THE MUSIC

(See page 64)

## THE NIGHT WATCHMAN

There were two of 'them' at Church College in 1972: Boydie Campbell  
Walker Hikaka

Most students knew of them, but didn't know them. Those of us who knew them best generally became acquainted under circumstances which we would like to forget. So to save the rest of the students the trouble (especially those who like to walk at night) we interviewed one of 'them' and found out the following:

### WALKER L. HIKAKA:

- Age: 39
- From: Oeo Taranaki
- Qualifications: Nil, (handsome)
- Unusual experiences: Trying to explain somethin I din't know anything about?
- Favourite Food: Cafe Food!
- Favourite Student: The 'unusual kind'
- Pet Peeve: Having to be truthful to a bunch of liars.

## THE POST OFFICE

He is probably the most friendly, helpful man on campus. Certainly he is the most important part of the Post Office. — who is he? The Post Master of course, Brother Wiremu (Bill) Heperi.

A few of us spoiled students didn't think we received enough personalized service, but that's because we did not see what went on behind the post office desk. Brother Heperi handles more than 10,000 articles of mail a week — enough to keep two men working full time. Students deposit more than \$20,000 per year and take it out again. This means that if a student hands in an imperfect pink slip, Brother Heperi's workload is doubled.

Our CCNZ Post Office provides all the services of a savings type office. Duel controlled, with the Government and College co-operating, it is the largest P.O. student saving group in the entire country. 50% of its business is from us, the students.

Thanks Brother Heperi.

### PURCHASING OFFICER:

- Josephs, John

### PURCHASING ASS'T & ACCOUNTS CLERK:

- Tangaroa, TeNaera

### P.E. EQUIPMENT SUPERVISOR:

- Elkington, Roma

### SCHOOL SEAMSTRESS:

- Warren, Louisa

Many of us were not aware that the College had a 'seamstress' or an 'equipment supervisor'. To all of the above we say, thank you, for making 1972 a great year.

## THE SECRETARIES

What would we do without them? We had a chance to find out this past year. Sister Elaine Bush, Registrar and Secretary to Brother Tolman, left in the middle of the school year to become a world traveller. Her leaving created a gap so enormous we students could hardly wait for her return. Although Sister Marge Puriri made a lovely substitute she could not fill the gap. Welcome home Sister Bush.

As for the other ladies who laboured so efficiently in the Matthew Cowley Administration Building we say 'thank you' too, for helping our Administrators do such a good job of keeping us in line.

The following is a series of profiles of THE CCNZ SECRETARY:

### LORRETA CHASE: (Secretary to Brother Tolman)

- Age: Stone age
- Weight: For me to know and for you not to find out.

Do you like your boss?

When he's not MATCH-MAKING.

What does your work entail?

I'm still trying to find that out.

What is your pet peeve?

People who ask me sill questions like this questionnaire.

How much paper do you use a year?

Stacks of it!

How many pens do you go through?

All depends how many the students pinch.

Your most interesting experience?

Watching the shovel hold Shultz up.

Future plans?

To be an efficient secretary like Kathy Heperi.

Single or married?

Most blessed of all, single.

Is it true secretaries have more fun?

I don't know.

### PAMELA (PERRY) FERGUSON (Secretary to Brother Oler)

Age: Not quite pensionable

Weight: Variable

Do you like your boss?

Affirmative, also my boss's wife.

What does your work entail?

Being a real person, working toward perfection.

What is your 'pet peeve'?

People saying to me 'yces lady', instead of 'yces madam'.

How much paper do you use a year?

Reams of it.

How many pens do you go through?

Very few.

Your most interesting experience?

Secretary wise, it was giving back a piece of work and telling my boss at that time I would rather not type it. Wondering if it would mean being sacked, but extraordinarily getting a raise in wages instead.

Future plans?

I would like to be secretary to the Lord.

Single or married?

Married.

Is it true secretaries have more fun?

I have no idea. I expect fun depends on the person, not the type of job.

### KATHLEEN L. HEPERI: (Secretary to Counsellors)

Age: Under 21

Weight: Confidential

Do you like your boss?

Immensely.

What does your work entail?

Helping Loretta count pillows, reading newspapers and occasional shorthand and typing.

What is your pet peeve?

Loretta giving me her work to do. Brother Tolman trying to marry me off.

How much paper do you use a year?

Haven't worked that long.

How many pens do you go through?

Depends on how many the students forget to return.

Your most interesting experience?

Watching Loretta Chase trying to convince Brother Tolman that she is a secretary.

Future plans?

Buy a motorbike.

Single or married?

Double

Is it true secretaries have more fun?

No!

### JEANETTE BARBARA HOLLAND: (Secretary to Treasurer)

Age: 20

Weight: X Certificate

Do you like your boss?

Absolutely.

What does your work entail?

Manual labour.

What is your pet peeve?

Teachers ripping applications for duplication off clipboard instead of pressing the clip and taking the sheet out.

How much paper do you use a year?

Thousands of reams ..... duplicating you know!

How many pens do you go through?

One box a week. Teachers just won't keep out of my drawers!!!!

Your most interesting experience?

Typing lecture notes for Dr Allred (B.Y.U. Doctor of Psychology).

Future plans?

Immigrate to America, get married... you know the usual!!!

Single or married?

Single.

Is it true secretaries have more fun?

Depends who's secretary you are.

### LUANA WATENE: (Secretary to Treasurer, payroll secretary)

Age: 2.....!

Weight: ?

Do you like your boss?

Yes.

What does your work entail?

Eating, work and more eating.

What is your pet peeve?

Having school in session. It's wonderful during the holidays. There's time to enjoy your work and do nothing.

How much paper do you use a year?

I,111 sheets.

How many pens do you go through?

About a box a week. Everyone thinks my drawer is the supply cupboard.

Your most interesting experience?

Snaking out and cutting the flowers while the gardner's around the other side of the building.

Future plans?

To build our house and do the 'in thing' that all marrieds do.....have children.

Single or married?

Married.

If it true secretaries have more fun?

It is true, I'd like to know how. Most of the time there's too much work to wonder if there's enjoyment in it.

# *the family*

The family is the most important organisation in time or eternity. At Church College we have non-family families; the ward family, the family home evening group like the ones pictured on this page, and of course, the dorm family.

To the left: This family home evening group met once a month at Brother and Sister Chapman's home. They are, from left to right (back row): Stella Shortland, Bernadine Kiro, Peter Maaka, John Walker, Tommy Martin, Jonathon Allan, (Front row): Tinia Brown, Brett Pasco, Delwyn Epiha, Moetu Te Hau.

Temple View 2nd Ward — what a family! The father of this tribe (Bishop Robert Lillywhite) is seated proudly in the middle. He grew very tired of his many responsibilities about halfway through the year and left. (You would too if over one hundred of your children were teenagers!) Bishop George Chase is now the father of the ward. Most of the members of this family are students at Church College. Notice how happy they are to have their picture taken — especially Gerald Bronz — he seems to be very happy on this occasion. The fellow in the rear is demonstrating his ability to follow instructions. He was told to smile so he raised his hand. O look! polygamy is not dead. Brother Dansie and his two wives — or is it four? — proudly showed with all their children. Temple View 2nd Ward is one of five such wards surrounding Church College and each ward has their own story.

## The Grammarian's Love Poem

by Patricia Hart

*The subjects of my sentences  
Have all at once switched case.  
For every "I" that was before  
A "You" is in its place.*

*All old hurts are forgotten;  
I've learned another tense.  
For all the "has beens" in the past  
You make a recompense.*

*Over petty aggravations  
You have a sorcery,  
For like a subject and a verb  
The two of us agree.*

*You bring out all the good traits  
That no one else pursued.  
No more "If I had someone,"  
No more subjunctive mood.*

*So I'll use a complex sentence  
To illustrate my cause.  
I've suddenly discovered  
You're my independent clause.*

Happiness  
 by Emery Gable  
*Happiness  
 happens  
 on your face  
 when  
 all your  
 inside joy  
 starts  
 sneaking  
 out.*

THE NEW ERA, missionary singing group, drew attention to the Gospel by using the best in pop music. They were very popular with Church College and church audiences throughout the North Island.

#### The Church's Statement on Music Standards for Young Men and Women

"Through music, man's ability to express himself extends beyond the limits of the spoken language in both subtlety and power. Music can be used to exalt and inspire or to carry messages of degradation and destruction. It is therefore important that as Latter-day Saints we at all times apply the principles of the gospel and seek the guidance of the Spirit in selecting the music with which we surround ourselves."

(Quoted from Priesthood Bulletin, December, 1970.)

## *the music*

One of the happenings in Music this year was the formation and success of our Rock group "RASPUTIN". In humble surroundings and from smaller beginnings they began to build themselves and practice a repertoire of popular songs. Their first big break and the event that was to put them on the road and into the eyes and ears of the music world was the "Battle of the Bands", in Hamilton, where they came a very unexpected, excited, and close 2nd place to another group "Judge Hoffman".

From there they were booked to play at several Hamilton High Schools and the Waikato University where with a combination of Rock music, short hair and strong church standards, they won themselves into the hearts of the very particular and freaky Hamilton audiences. The group and their music kept moving on to play many weekends at the Hamilton dance hall, TABLA II, where they were offered Residency by the Manager Mr David Stott, however because of school regulations, they had to turn the offer down and play there only a couple of times a month.

CHURCH COLLEGE STANDARD 1972

## *the hair*

The group was very unusual in it's line up because of the size of the group (both physically and in it's numbers). There were eight members plus other assorted assistants, electricians, managers and what have you, ranging in size from 165 stone of vocalist to 3½ lbs of drummer.

Talking to them they said they had made it with a 'Little Help from their Friends' and were very grateful for the help of Steve Spillane, their Roadies (the best ones around) the untold support from the student body and the permission to do it all from Bro. Oler and Bro. Tolman.

This was the first time in the history of the College that such a group has ever done anything like this or gone this far in promoting themselves and their music.

It goes to show that you don't have to be the same as everybody else to make it in this world.

*Brian Judd*

THE FAD OF THE 60's CONTINUED TO GROW LONGER IN THE 70's. CCNZ students did not participate in the world of hair in 1972.

# dear students

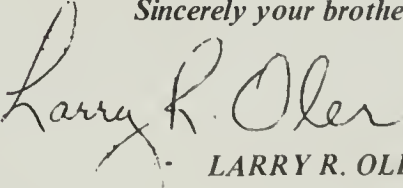

Dear Students,

*I am writing this as I am travelling from New Zealand to Salt Lake City to the General Conference of the Church and the Church School Administrators' Seminar. We have just left Tahiti on a beautifully sunny, clear day. The aircraft is travelling at six hundred fifty miles per hour at an altitude of thirty-four thousand feet. We are about six miles above the ocean. As we pass over islands and the water everything looks peaceful. Patches of fluffy white clouds are everywhere present, but far below us. Above are sunshine and blue sky.*

*All seems right with the world. Yet as I look at that beautiful island below with the thatched huts I know there are people in or around the huts, though I cannot see them because I am too far away. There are children playing and squabbling and parents growling. Except for the setting and a much different way of life they are just like the students and other people I left behind in Temple View nine hours ago. You all seem unreal and so far away, just like the picturesque sea and landscape below. Sometimes one must stand a long way off in order to see the whole picture in better perspective. In the past few days Bro. Tolman and I have been wrestling with the problem of someone or several "someones" playful but wasteful pastime of setting off fire extriguishers around the school. I'm too far away to solve that problem. But I can't stop wondering why they want only waste the sacred funds of the church. I have thought of little else these past few hours. And as I write I know that another student is at this moment travelling to his home, expelled from school for immoral conduct during the last holiday. Again I wonder why. Recently a student left Church College because he could no longer endure the teasing and abuse he was receiving from other students, young members of the church. Why?*

*Yet over all my puzzled wondering and questioning remains one powerful thought. You are each one a child of God. Good, bad, or indifferent, you were each made in His image and each has within yourself the power to be like God. Each one of you is cared for, loved, worried over, and whispered to by a loving Father in Heaven. Just like this beautiful scene six miles below me, over each one of you like a gigantic umbrella is the sure knowledge that you are each a child of God. If you leave Church College believing that  $2 + 2 = 5$  but knowing that you are a child of God, humbly understanding that there is dignity and great personal value in you, then the greatest goal of Church College will have been achieved. I leave you my witness that God lives, that he loves and cares for each one of you. I know that the efforts you make toward perfecting yourselves, no matter how hard the task or how many times you fall, those efforts to press on will be consecrated by One who is concerned about you.*

Sincerely your brother,

  
LARRY R. OLER.

The purpose of Church College, in correlation with priesthood programmes, is to assist individual members to:

1. Develop firm testimonies of the divinity of Jesus Christ and His restored Gospel.
2. Develop local Church leadership.
3. Develop parental effectiveness and stability in the home.
4. Develop community leadership.
5. Develop job competence, work skills, and industriousness in members.

Because of its country location, the College is primarily a boarding school with a dormitory capacity of 550. There are 9 academic buildings and 6 dormitories on the campus and 34 faculty homes. The campus facilities include an indoor swimming pool, gymnasium and social hall.

The student body is varied with about half Maoris and half European and American. Students attending the college range in age from 12 to 20 and are fully occupied in academic, physical, spiritual and social activities. There are four college wards on campus. On some Saturdays there may be as many as 40 athletic teams representing the school in sporting activities.

The spiritual growth on campus is evidenced by the sharp increase of students who are filling full-time missions. As of January 1, 1970, there were 51 former students serving full-time missions – more missionaries than the total number called from 1958 to 1968.

Among the Church College's accomplishments:

- The college was granted accrediting privileges in 1968 by the University Entrance Board, thereby receiving full recognition as an academic institution.
- CCNZ has a unique piano and organ instruction programme, presently involving about 130 students. One of the goals of the programme is to provide organists and pianists for the branches, wards, and stakes of New Zealand.
- The college has the only auto mechanics programme which is operated by a secondary school in New Zealand. It was established this year by permission of the New Zealand Apprenticeship Board as an experimental programme which could lead to auto mechanic instruction in secondary schools throughout New Zealand.

# a **Tapestry** special

Besides fiddle-ing, Phillipa can also work very hard and write "fearless" editorials!

After reading the scandal column in "Tapestry", Sister Farina McCarthy had to be carried out of the Matthew Cowley Building because her laughter was disturbing the Administration Council.

A yearbook and newspaper class was offered this year to interested students. About twenty enrolled. Five dropped the class because of the demanding workload and the ever present "deadline". Those faithful, fantastic few who stayed with it produced this yearbook (which is the finest, we believe, ever to be produced at Church College. See pages 16 and 17 for photo and listing of yearbook staff), and five issues of a new, student publication, "Tapestry".

Thanks to Phillipa Gordon, student editor, and the rest of the newspaper staff, "Tapestry" was well received by students, parents, and faculty alike, (if the many letters are any indication), and we look forward to even greater productivity (more issues) next year.

The 1972 "Tapestry" staff was:

Phillipa Gordon	—	Editor
Amanda Crouch	—	Assistant Editor
Dirk Smibert	—	Feature writer
Chic McCarthy	—	Sports Editor and Reporter
Angela Mohi	—	Feature writer and Reporter
Shelly Aston	—	Reporter
Beverly Sebelin	—	Cartoonist and Reporter
Paul Tipene	—	4th Form Reporter and Cartoonist
Kyron Tari	—	Reporter
Paul Reid	—	Reporter and Cartoonist
Dennis Chapman	—	Faculty advisor and editor

Brother Buck Nin was the faculty advisor and teacher of the photography class. Almost all the photos used in this book and certainly all used in the newspaper were taken and developed by Brother Nin and his students.

The photographers were:

Buck Nin  
Brent Marshall  
Daron Walker  
Phillipa Gordon  
Warren Aston  
Eddie Own  
Andrew Pepper

In July of this year a new faculty member joined our staff, Brother Kent J. Larkin. Brother Larkin was in charge of the proofing and typing of all copy for the yearbook.

Tena Kotou E Nga Hoa Kura

This year has been a great one for me because of the opportunity I've had to be elected as your Student Body President. We have seen many changes in student life this year brought about through student involvement in school affairs which have previously been administered by a few leaders. Remember the variety show, the later dance times, the modification in dress styles, the new 3rd and 4th Form Councils and many others.

There has been a greater contact and working partnership with the administration on behalf of the students through the form presidencies and cabinet and we have been able to see student ideas and proposals become a part of school life because of a growing must in student self government and I hope to see this continue in the future.

In my campaign my main idea and proposal was for an upliftment in the general school spirit and I know this year we have seen this begin to happen. I know it will continue to grow if the students remember to work together and realize that helping each other will stimulate this growth.

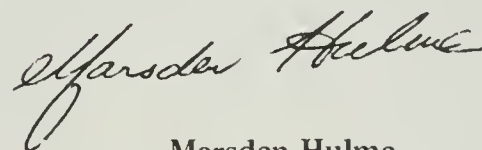

We have had our share of good times and bad times and even though the good has outshone the indifferent we must remember to always try to better ourselves and our respect for the school, the church and its principles.

Although new students may not fully appreciate their time here, older students have come to realize the importance of education and the opportunity for lasting friendships and involvement in many many activities here which they will treasure in memories for the rest of their lives.

I would like to thank my vice president and secretary for their support and counsel in the affairs of student government and the way in which they have helped me to uphold my duties as president. I would also like to thank the cabinet for the way in which they worked with us in organising student affairs.

In closing I would like to leave all of you a challenge to do that which will bring you the most happiness and that which is most pleasing in the eyes of our Heavenly Father.

Arohanui

Marsden Hulme.

Celia Tumoana, STUDENTBODY VICE PRESIDENT

Raihi Ngawaka, STUDENTBODY SECRETARY

#### THE CABINET:

Rick Ankers (Social Welfare), Celia Tumoana (The Deputy), Dennis McCarthy (Internal Affairs), Marsden Hulme (Prime Minister), Raihi Ngawaka (The Secretary), David Davies (Technology), Brian Judd (Communications & Social Welfare), Ellen Beasley (Internal Affairs), Henry T. Baker (Publications), Raewyn Tipene (Internal Affairs), Peter Brunt (Publications), Ora Kohe (Communications).

## **CABINET '72:**

The Studentbody Cabinet this year was a group who had worked hard to build and re-establish a working partnership between the Administration and students, along with the guidance of the presidency. They built themselves an image as a group of student leaders who were capable of making sound decisions while acting on behalf of and for the good and benefit of students and campus life.

Every Wednesday morning at 7:30 (and anywhere up to 8:15 for slow eaters and shower-singers), this time-pressed group of ministers (take a gander at that official title will you mate), met in Chambers to discuss problems and dream up ways to overspend the budget. In between ripping great outbursts of laughter and rolls of the dice, you might have been able to catch a bit of a serious suggestion from this dedicated little lot. All in all there ain't nothin' like a good ole early morning meeting to get some earthshaking results, aye Ora!.... Ora! Hey Cob, open up dem big eyes of yours.

Marsden Hulme, **STUDENTBODY PRESIDENT**

DEPUTY HEAD BOY: William Haretuku.

DEPUTY HEAD GIRL: Leoni Dil.

*Ours will put down the worst

SO HELP ME COB! If I Catch You Doing That Once More, I'm only going to give you one more chance. This was a familiar cry heard all over campus this year as our unrelenting Campus Cops laid down the law and put in the hard word to line-pusher-inners and other hardened criminal-type people. Backed up by the power of their Little White Violation Books, The

# *the seventh form*

The seventh form survived a lot this year; Bro. Kirk's jokes, Brian's birthday party, even a Chateau trip.

seventh form managed to consume fifty dollars worth of chinese food (our cabaret), twenty-four hours worth of energy (our Chateau trip), and ten thousand gallons of water (our minor activity in the pool).

The seventh form motto really has been not to let our schoolwork interfere with our social life, and so our study room became known as a centre of chaos. (Remember the time we tried twenty minutes silence?)

Leading the sixth formers this year was that giant of a man 'cockroach'. Second in command was the notorious Michael Oh Reilly and on the typewriter – rough and ready Rose. The year was dotted with several mini activities, but highlighted by the annual trip to the Chateau. After the bus turned up at 4 a.m. instead of 3 a.m., we pressed on but all was not lost, there was still plenty of snow. Although the weather wasn't the best, we had a cool sort of a day, then we went home.

Amongst our concentrated study, we still found time to socialize amidst the serenity of our peaceful sixth form lounge.

Overall we spent a frolicking time in class, in study, at play...(and at the movies).

## The Timeless Search

Prophecy and revelation  
tell us of times to come  
when hearts will fail.  
Men will wander to and fro,  
searching everywhere for God  
without success,  
Because they never learned  
to know him,  
now.

I wonder —  
will I need  
to search for him?  
or, at that time, will we be friends  
from long association  
of deep love?

*Dale Partridge*

I set a snare for knowledge  
On every epic page;  
Pursued the word of wisdom  
Up and down an age;  
Poet, saint, and wise man  
Stealthily I stalked;  
Listening, I followed  
The very ways they walked.

But soon I stood astounded,  
For every path they trod  
In the end curved widely,  
Swiftly back to God.

And then came the unforgettable day of the fifth form activity with everybody (who was anybody) frantically demanding mud space. Whether it was on the rugby field, (where the softies were separated from the firm) or in the ditches the mud was the same – tempting and (with a little help from a friend) well used. Picture with me if you can Willie Hei Hei (like the gentleman he is) escorting Elizabeth to the nearest drain and Liz (being the lady she is) accepting (after a few strong words) his kind (wet) invitation to jump. Ahhh.....yes those were the days!!!!

Fifth formers were well represented in sports teams this year, each stealing their part of the 'Lime light'. Rugby, Basket-Ball, Swimming, Wrestling, Hockey....., you name it we played it. Speaking about hockey, this years teams were smooth....real class. Team work was practised, emphasized and.....Also taught. Darting here, tripping there, and with such obvious ease!!!! ## Ballad of Nga and Fred

One dark night,  
When all were starved,  
In a room of Wiser Hall.  
Ngawaka and Fred, our running shoes,  
Went out again once more.

Down the road and into town,  
Ahead to Greasy Joe,  
They marched and marched into the dark,  
So their room mates would not starve.

"Two bucks work please," said Nga and Fred,  
To sleepy, greasy Joe,  
Who put the drips into the fat,  
And watched them slowly cook.

Off again with grub kept warm,  
They RAN back home to us,  
So we in bed would eat it hot,  
And be content once more.

At half past one, that very night,  
When all should be asleep,  
We all sat down and got stuck in,  
And ate with hearts delight.....

**THIRD FORM PRESIDENCY:** Morgan Horsford, Secretary; Tania Rangihueua, Vice President; Phillip O'Reilly, President.

As a first year student, I'd like to share some thoughts and experiences with you and let you have a glimpse into my life as a third former.

My first impressions of Church College were quite surprising. I will always remember when I first walked into English (6th period) and I took a look at my English teacher, namely, Bro. Kirk. He sat in front of the class in his usual hiding place looking curiously at us as we filed into the room. I gathered him to be quite brilliant and a slow speaking type of person (for some unknown reason). I stood for a moment and watched him move about the room. After the class had been seated, and he had gone off to close the door, my first impressions vanished and Bro. Kirk became a reality, he opened his mouth. This was the first time in my whole life I had actually sat a full period with an American teacher. Since I

arrived late for French, I cannot say the same for Bro. Decker, though he was much the same in speech as most Americans. The day was not so hectic and couldn't have ended in a better way than to attend Religion in the last hour, taught by Bro. Hatch.

In the few weeks to follow I found myself having to quickly adjust to the "routine" (a profound name for a days work). Up at 6, breakfast at 7 and school at 8:40. There was no suitable alternative to this ordeal, as detention seemed a word too demanding to possess!

Looking back now, things weren't so bad after all, considering all the mistakes I made. Even in study I tried to make a go of it, swapping classes to suit academic needs. "Brons" of course was or seemed to be the form professor, though we all have our qualities, in or out of school. Maybe that is the reason why we get on so well with each other. The thought of the situation may seem a bit ridiculous, but if you take time to consider and examine it carefully you may be achieving an answer to a similar problem unsolved of your own.

**"UNCLE" TAKA PANERE:**

Six feet, ten inches tall and weighing 220 lbs is not the physical, but the spiritual description of this stoutheared, humble man. With these gifts and his natural determination, "Tuk", coached his 1970 and 1971 First Fifteen Rugby teams to victory in the Waikato, winning the coveted Tricolour Trophy two consecutive years. A coach at CCNZ for the past eleven years, he has brought recognition and distinction to the College.

Although 1972 was not a winning year, Brother Panere has still won. His untiring efforts have left a team with incentive and a strong "family" spirit of unity. Above all because of his encouragement and example many of his team are planning on missions.

It is to Brother Taka Panere we dedicate this section.

# JOSEPH FIELDING SMITH

## APOSTLE, PROPHET, FATHER IN ISRAEL

*Joseph Fielding Smith — a son of God; an apostle of the Lord Jesus Christ; a prophet of the Most High; and above all, a father in Israel! — has been called by the Lord whom he loved so much and served so well to other and greater labours in his eternal vineyard.*

*Would it be amiss to say we rejoice, if not at his passing as such, at least at the glorious probationary experiences which were climaxed by his return to that God who gave him breath?*

*Would it be amiss if we, with the angels, rejoice that this favoured and choice son of a gracious Father has kept the faith, has filled the full measure of his creation, and has now entered into his eternal rest?*

*Joseph Fielding Smith — a son of God: one who was true and faithful in the realms of yesterday; one who kept his first estate and shouted for joy at the prospects of mortality; one who was numbered with the noble and great of eternity — left the Eternal Presence and was born of goodly parents here on July 19, 1876.*

*After nearly a century of life away from his heavenly home — after 96 years less 17 days of sojourning as a stranger and a pilgrim among mortal men — he has been called home to report on his stewardship and to receive further light and knowledge from that Lord whose voice he heard in this life and whose face he shall behold in his new abode.*

*Having taken upon himself the whole armour of God, having fought a good fight, having kept the faith and been true and faithful, he has now entered into the joy of that Lord whom he served so well.*

*His mortal probation ended at 9:25 p.m. on Sunday, July 2, 1972, and he is now in the midst of a joyous reunion with his family.*

*On Thursday, June 29, he gave the opening address at the seminar for mission presidents and their wives. Friday night he attended a banquet with about 270 others who work in the missionary cause.*

*On Sunday, July 2, he attended sacrament meeting in the Eighteenth Ward, his home ward. That afternoon he listened as my young daughter, Sara and I read to each other and discussed chapters 5 through 12 of First Nephi in the Book of Mormon. He ate a light supper at about 7:30 p.m. He was as healthy and robust, as alert and active, as he has been at any time in recent years.*

*After supper he sat in his favourite chair in the front room and talked with my wife, Amelia. One of the last things he said to her was that he loved her and blessed her. At about 9:20 p.m. she went into another room to get an address for a letter she was writing.*

*His passing was as sweet and as easy, as calm and as peaceful as though he had fallen asleep, which in fact he had; it was with him, as with one of old whom Jesus said, "Lazarus sleepeth." He passed away sitting in the same chair in which his beloved Jessie had sat almost eleven months to the day earlier when she answered a similar summons.*

*President Bruce R. McConkie  
Of the First Council of the Seventy*

## PRESIDENT HAROLD B. LEE ORDAINED ELEVENTH PRESIDENT OF THE CHURCH

*Friday, July 7, 1972, will go down in the annals of time as one of the important dates in the history of the Church. On the morning of that clear, warm summer day, in the sacred confines of the Salt Lake Temple, President Harold Bingham Lee was ordained and set apart by his fellow members of the Council of the Twelve as the eleventh President and prophet, seer, and revelator of the kingdom of God on earth.*

*The Council's action followed by five days the death of President Joseph Fielding Smith, who passed away at about 9:25 p.m., Sunday, July 2. On Thursday, July 6, President Smith's funeral was held in the Salt Lake Tabernacle, and burial was in the Salt Lake Cemetery.*

*Early the next morning, members of the Council of the Twelve, the governing body of the Church following the death of a President of the Church, retired to the temple to consider the matter of reorganization of the First Presidency. President Lee, President of the Council of the Twelve by virtue of his position of seniority in that council, was ordained and set apart with President Spencer W. Kimball serving as voice. President Kimball, through his position of seniority in the Council of the Twelve, now becomes the President of the Twelve.*

*Following his ordination, President Lee set apart his two counselors in the First Presidency, President N. Eldon Tanner, first counselor, and President Marion G. Romney, second counselor, and President Kimball as President of the Council of the Twelve. The action of the day left a vacancy in the Council of the Twelve.*

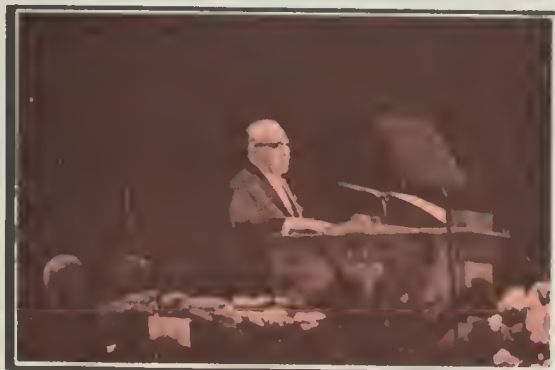

*In a press conference following the events of the morning, President Lee commented: "The greatest message that one in this position could give to the membership of the Church is to keep the commandments of God, for therein lies the safety of the individual. Keep the commandments. There could be nothing that I could say that would be a more powerful or important message today."*

*The man who is now the eleventh President in this dispensation, President Lee, was born in Clifton, Idaho, on March 28, 1899, and reared on a farm.*

*From the time he accepted his first position, as a school principal at the age of seventeen, until he was called to the Council of the Twelve on April 6, 1941, he was an educator (a principal in Idaho and Utah), a missionary (to the Western States), a businessman, and a public official (Salt Lake City commissioner).*

*As president of the Pioneer Stake, he organized a bishops storehouse in 1932 to care for needy and unemployed members of his stake. When the Church consolidated such welfare programmes into the Churchwide welfare plan in 1936, Harold B. Lee became the first managing director, a position he held for twenty-two years.*

*As a General Authority, President Lee has directed or advised many of the general Church committees and auxiliaries. In recent years he has been most closely connected with the Correlation Executive Committee, overseeing the organization and development of the programme that now correlates many of the teaching and administrative programmes of the Church. Since January 23, 1970, he has carried the dual responsibility of first counselor in the First Presidency and President of the Council of the Twelve. His wide experiences have thus will prepared him for the unique leadership role to which he has now been called.*

#### VARIETY SHOW:

July '72 saw the performances of the Student and Faculty Variety Shows. The Student show, Written and Directed by Rick Ankers and Brian Judd, and set to the theme of "Friends", opened with a number from "Rasputin" and included many comedy and musical acts by students, including an act from guest artist Mike McGowan. It was a good show and a first in student productions.

The Faculty show starring Dorm Parents and Teachers included many comedy acts as well as a dance routine from Bro. and Sis. Clarke and a Three Bears story (with Frogs included) from the Social Studies Department.
